WELCOME !

Welcome to our 5th Kidbrooke Beer and Cider Festival!

It feels like we're now a well-established festival and we're delighted that so many of you return year after year. If it's your first time here, a very warm welcome too - we hope you enjoy it. We would also like to thank our fantastic hosts, Charlton Park RFC.

While, as always, cask remains the star of the show, we are selling some non-cask beer for the first time this year. You can find this outside in the Mobile Micropub, which has been kindly provided by one of our sponsors, Brew Buddies. We will have different keg beers from local breweries on each day, so pop in and find out what's available!

We are very proud of our local breweries and hope that you get the chance to sample some of what they have to offer, as well as enjoying beers from further afield. We're delighted, too, to be able to stock cider and perry from some

of the best producers in the country - including a few from very near here! including Our festival volunteers on all our bars are very knowledgeable so if you're not sure what to have, do ask their advice.

Nationally and locally, CAMRA continues to campaign for good beer and for our pubs. If you'd like to know more about what we do, do get in touch, either by speaking to one of us here or using the details on our website, sel.camra.org.uk.

In addition to Brew Buddies, we are also very grateful to our other sponsors, the Rusty Bucket pub (just a short bus ride away from the festival!) and Southwark Brewing.

Cheers!

The Real stuff! No Ice! 100% Juice. Real cider is a long-established traditional drink produced naturally from apples and neither carbonated nor pasteurised. Like with real ale 30 years ago, the number of outlets is falling. Perry (made from perry pears) is now rarely available away from the farm gate. Many well-known ciders sold in the UK are not produced naturally, but are cold, fizzy keg products which have been produced artificially. Our Cider and Perry bar offers a range of traditional drinks and thus we only create tasting notes when they arrive at the festival, so please ask us and enjoy samples as we do try before you buy.
